

# God Open Our Eyes

Words and Music by John Gabriel Arends

*E*                    *F#m*                    *E/G#*                    *A*  
God open our eyes and let us see all of Your glory  
God open our eyes and let us see all of Your glory

*C#m*                    *A*                    *E*                    *Bsus B*  
All of the earth is filled with the glory of the Lord  
In all of creation and all of the nations, You are glorious  
All of the earth is filled with the glory of the Lord  
Even in the hardest places of the darkness, You are glorious

*F#m*                    *E/G#*  
You refuse to stay hidden  
*A*                    *B*  
You have chosen revelation  
*F#m*                    *E/G#*  
As the waters cover the sea,  
*A*                    *B*  
The glory of God is covering me

*B*                    *C#m*                    *A*  
I long to see Your glory so I can be transformed  
*B*                    *C#m*                    *A*  
I need to see Your glory so I can overcome  
*B*                    *C#m*                    *A*                    *B/F#*                    *B*  
I have to see Your glory so I'll be like Your Son

*C#m*                    *A*                    *E*                    *Bsus B*  
All of the world must hear of the glory of the Lord  
All of the world must see the glory of the Lord  
In all of creation and all of the nations, You will be revealed  
Even in the hardest places of the darkness, You will be revealed  
*E*                    *F#m*                    *E/G#*                    *A*  
God we give our lives so the world sees all of Your Glory  
God we give our lives so the world sees all of Your Glory
