

Stretch Wide (Isaiah 54)

Key: D

Bm A Em

**Shout for joy, oh barren one, and do not think You are forgotten
Lift your voice, sing out your song, know that I will not break my promise
Fear nothing, no nothing at all, and do not let go of the vision
Lift your eyes, remember the dream, know that I will give you the nations**

D/F# G D/F# G A Bm A

**Your box is way too small
For when my glory falls
Your thoughts are still so small
Expand! Extend your walls!**

Bm G D A

**Stretch wide!
You're gonna need more room
For what I'm gonna do
So get ready now
Stretch wide!
It's bigger than you think
It's better than you dream
So get ready**

Bm A Em

**Start to dance, oh grieving one, and do not think You are deserted
Lift your head, face to the sky, and pull down the vision from heaven
Do not spare, do not hold back, I will not leave you disappointed
Lift yourself, try one more time, know that you will be vindicated**
